Macksville High School is a co-educational comprehensive school, which has a fine tradition for high academic, sporting, cultural and civic achievements. It enjoys very strong support from the community, parents and carers. The school is situated on the Nambucca River in the picturesque Nambucca Valley in the township of Macksville.

Student enrolment this year is approximately 500 students Years 7 to 12. The school has excellent modern facilities in Technology and Applied Studies, Creative and Performing Arts and Agriculture, a Trade Training Centre, a Language Centre, community stadium and technology resources that include computer rooms, video conferencing facilities and interactive white boards that offer students opportunities to excel in their areas of endeavour.

Academic and wellbeing needs of students are supported through a well equipped Learning Centre and an active Learning Support Team. The teaching staff are very experienced and dedicated to offering students every opportunity of reaching their potential. In support of curriculum offerings, a full range of extra-curricular activities is available. These include musicals, sporting competitions, debating, cattle team, merit activities, all of which offer the students the opportunity to participate fully in school life and therefore achieving memorable outcomes.
