TRANSIT of VENUS

Macksville High students were able to view the Transit of Venus on the 6th June due to the kind donation of a solarscope from The Institution of Surveyors NSW. Carol Weekes, Registered Surveyor, C J Weekes & Associates, 29 Lyon Street Bellingen kindly spent time discussing Surveying as a career and the importance of the Transit of Venus and the fact that we won't see this happen again until 2117.

GREAT SUCCESS for ANGUS STUD

*GREAT SUCCESS AND THE END OF AN ERA
FOR MACKSVILLE HIGH SCHOOL'S ANGUS STUD*

Isaac Ryffel & Kelsey Watt competing at recent shows

The Macksville High School Cattle Team continue to enjoy great success at all the shows that they have attended this year, including the Canberra Royal where they won a third place ribbon with one of their cows. Students have recorded significant success in cattle judging and parading which saw Kelsey Watt and Isaac Ryffel representing the North Coast at the Sydney Royal Easter Show this year.

Our next show will be the Brisbane EKKA in August and any sponsorship

would be greatly appreciated, please contact the School for more details.

An end of an era has also come with our foundation dam, Rainbow Valley "Lisa" V10 being put up for sale via tender. This cow has won many supreme exhibit

awards at Regional Shows on the Mid North Coast. Regarded by many cattle judges as one of the most structurally correct cows she would be an asset to any herd.

If you are interested please contact Mr Terry Argent at Macksville High School for further details on (02) 65681066.

From our Principal

As a school we have a responsibility for the safety and security of students whilst they are in our care during the day. There is a set procedure for students leaving the school for any reason. Parents should contact the school office to inform us that the student is required and then when you come to school report to the front office and sign them out. There are more and more times when parents are contacting their child directly by mobile phone and asking them to be out the front to be picked up. When this occurs, the school has no knowledge of the whereabouts of the child.

Parents will have heard about the NSW Governments new plans for reorganising how schools operate. Called Local Schools Local Decisions (LSLD), this new policy has been in the news on quite a few occasions. Parents and community members are invited to a Public Forum to listen and discuss the impact that LSLD will have on our local schools. This forum is to be held at Jetty High School in Coffs Harbour on Wednesday 20th June at 5.30pm.

Year 10 Queensland Excursion - Urgent Reminder

A reminder to parents of Year 10 students that the deposit of \$150 for the end of year excursion to Fraser Island is due by June 29 2012 (last day Term 2).

Unless further deposits are received and the quota met the excursion may be cancelled due to lack of support.

Permission notes should be brought to Mrs Mendham prior to taking money to the office.

Any further enquiries please contact Mrs Mendham at the school on 6568 1066.

.....M Mendham

NOTE TO PARENTS

It would be appreciated when writing notes for your students, eg passouts or absentee, that you write your student's full name, year they are in and the date.

Thank you for your co-operation in this regard.

NC REGION STATE DANCE CAMP

ROTARY AUSTRALIA & NEW ZEALAND STUDENT EXCHANGE 2012 PROGRAM

EXPRESSIONS OF INTEREST OPEN

This program is designed for 14-16 year old students (in Year 9 or 10 in 2013) to experience a true 'exchange' with a family in New Zealand. Local students are matched with a New Zealand student who will travel to Australia and attend school here during Term 2, 2013. Both students then return to New Zealand and attend school there for Term 3, 2013.

The students' family hosts the NZ student and includes them in their normal family life. This is an exciting way to experience another culture with the support of Rotary.

More information and expression of interest forms can be found at www.ranzse.com.au

Expressions of interest close June 30 2012.

Free* Lectures for Year 11 & 12 Students – June 2012

Dear Sir/Madam,

To assist students in their preparations for the trial exams, The School For Excellence (TSFX) is running a series of **FREE lectures** titled **"Mastering the Exams"**.

During the course of this exclusive program, students will learn vital skills that will help optimise examination performance, as well as strategies that will maximise concentration and learning and cut down on study time (see Page 3 of the enclosed brochure for further details). This lecture is being delivered by **one of Australia's leading education/learning consultants**, who is also a Year 12 Chemistry and Mathematics teacher, offering students the opportunity to hear advice and strategies that specifically relate to their Year 11 and 12 studies.

Valued at over \$200, this lecture is **free of charge*** to students. We do, however, require that all students participating in this program make a *minimum \$10 donation to the charity representatives that will be in attendance on the day. 50% of the proceeds collected will be donated to Beyond Blue and 50% will be donated to the Fred Hollows Foundation. To date, our "Mastering" lectures have **raised over \$100,000**, all of which has been donated to charity.

If you feel that your Year 11 and 12 students would appreciate the benefits of these lectures, could we ask that you make them aware of this program in your next **school newsletter and/or school assembly**? Application forms and further information may be obtained from our website at www.tsfx.com.au.

Trial Exam Revision/Preparation Lectures

Students seeking a **time efficient** and **powerful means** of preparing for their trial examinations are further invited to attend our **subject specific exam revision/preparation lectures** at the University of Sydney. Further details regarding these programs are available on the attached brochure. **Note:** Our lectures are prepared and delivered by qualified, currently practising senior HSC teachers and exam markers who possess the knowledge and experience to demonstrate the means by which students can achieve the higher Band scores.

Kind Regards,
The School For Excellence
