Monday	17	S Compton & R Smith
Tuesday	18	HELPER NEEDED
Wednesday	19	HELPER NEEDED
Thursday	20	D Jackson
Friday	21	G Welsh
Monday	24	S Compton & R Smith

From our Principal, Paul Holding

This is a very busy time at school with exams underway, marking in full swing, and reports being written. I must ask parents to help by ensuring their children attend school on days when exams are timetabled. It increases the workload dramatically for teachers when students have to make up exam time if they have been away. We understand that there maybe school organised activities and illness that makes this impossible but a day off without reason is unacceptable. The procedure for this is as follows:

- Year 7 to 10 students who miss an exam because of a day off school will be required to sit a makeup exam if time permits. At times this is possible in advance with notice from the students' parents. If time does not permit to do the exam an estimate will be allocated by the teacher in consultation with the Head Teacher. If a student has an unexplained absence for the day of the exam they will receive zero for the makeup exam and a letter will be sent home indicating this. We will not be altering this with late parent notification, unless I approve in exceptional circumstances.
- Year 11 students absent on the day of an exam must provide to their teacher a misadventure application with reason for absence and evidence of the validity. This can be a note from parents, doctors certificate etc. The evidence must be presented with the misadventure application and where validity is a concern I will make the final decision. A makeup exam or estimate will be given. Parents will receive an "N" award letter notification for the task if Zero is being allocated.
- Year 12 students absent on the day of an exam must provide to their teacher a misadventure application with reason for absence and evidence of the validity. This must be a doctors certificate, funeral notice, etc. The evidence must be presented with the misadventure application and where validity is a concern I will make the final decision. A makeup exam or estimate will be given. Parents will receive an "N" award letter notification for the task if Zero is being allocated. Year 12 replicates the Board of Studies (BOS) requirements for the HSC.

These requirements have been developed with an understanding that parents and schools must work together to ensure our students participate fully in school. The exams are a key component of this, not only helping to report to parents their child's progress, but helping students develop resilience to undertake what is sometimes a challenging experience. We also acknowledge that doctors can be difficult to see at short notice and may place financial burden on some families.

Last week Jordan Sheather and Chris Buckley represented North Coast in rugby union at the CHS state championships at Coffs Harbour. The coach, Terry Simpson, contacted me and had nothing but the highest praise for Jordan and Chris in the manner that they conducted themselves over the four days of the carnival. Both students were a credit to Macksville High School by showing exemplary behaviour, great sportsmanship and a high level of skill. Congratulations to the boys and their families.

Elizabeth Argue - slected to join the State Regional Dance Ensemble

Elizabeth has been dancing for four years and dances with the Harbour Performing Arts Centre in Coffs Harbour. She studies ballet, contemporary, classical, modern and jazz. Through hard work, determination and with the support of her family and teachers, Elizabeth has been selected via audition to be part of the State Regional Dance Ensemble. This initiative is through the DEC Arts Education Unit: - if you would like more information please see their website <https://www.artsunit.nsw.edu.au>.

She was required to submit an audition on DVD and was selected from applicants from all regions across the state with only 34 dancers chosen. Elizabeth will need to travel to Sydney on 4 occasions throughout the year for workshops and performances. With a performance in the State Dance Festival in September and also as part of the 30th Anniversary School Spectacular in November.

It is an honour to be selected and a wonderful opportunity, Elizabeth loves dancing and is enjoying the opportunity to work with different teachers and with dancers from all over the state.

Everyone at Macksville High School is so proud of her and wishes her all the best in everything she pursues.

Open Girls Touch Trials

On Friday 10th May, the MHS Open Girls Touch Football team made their way down to Wauchope for the zone selections. Our first game brought us up against an experienced looking Port High team which certainly kick started the day with some nerves. An outstanding start to the first half was evident when Kelly Taylor hit a gap in the opposition line to score the first point. The girls at this stage were exceptional in their offensive play, supporting each other fantastically through the middle before spreading the ball wide. Before half time we had another four tries courtesy of Ruby Porter, Megan Porter (2) and Kelly again with a score of 5-0.

A combination of our girls going into the second half more relaxed and the Port HS girls warming up for the morning saw an increase in competition. Shannon Crowley put on a display of great anticipation as she made a perfect intercept and ran the length of the field to add another point to the board for MHS. This was followed closely by fantastic teamwork up the field to award Peta Salter with a try. By this stage the girls were beginning to fatigue and not as quick off the mark with their support play. The girls fell into a predominantly defensive routine toward the end, allowing Port to score just once. An outstanding team effort by Kirstie Pedrola, Brooke Pedrola, Deanna Buckley, Georgia Craven, Hope Eadie and the try scorers mentioned above. A 7-1 result was a phenomenal start to the day for Macksville High and Coach Cooper was extremely proud of the 'untrained, chucked together in the last minute' team of girls.

MHS was up against Wauchope HS in our second game of the day. We found out that Wauchope had won their previous game 16-0, so we knew it was going to be significantly more difficult this time around. On the main field with many more spectators the girls seemed to panic and forgot our offensive strategy that was so well done in the first half of the first game. The Wauchope team was quick and experienced, keeping Macksville out of their half of the field for virtually the entire game. Half time called for some reinforcement to the girls of our initial tactics, as well as commending the girls for an excellent defensive line, just 3-0 down. The second half is when fatigue truly set in and our attacking game was obsolete. It was all defence from here and along with a few unlucky referee decisions we were defeated 7-0. Unlucky Brooke, we all saw you make that touch before she scored!

A positive finish to the day was the final selection for the zone team. Congratulations Megan Porter and good luck in the next round! To the rest of you girls, thank you for coming along and representing Macksville High School, the school spirit certainly wouldn't be the same if we didn't have people like you who jump at these wonderful opportunities.

Ms Laura Cooper, PD/H/PE

What's been happening in Visual Art/Design?

Photo: of CAPA Mural & of Mural outside Art 2

Both the students and teachers in Visual Arts have been working tirelessly to create colourful and challenging artworks that brighten up not only the Art Block but also the whole school.

Year 11 Visual Design students have helped to develop a large-scale CAPA mural, which has recently been put up outside the staff room. The art teachers themselves put the finishing touches on it both Ms Hardingham and Miss Holding worked untiringly for weeks with the help of art assistant Imogen Malouney and student Isabella Capell in order to complete the project. Miss Holding's Year 10 Art class created a layered Paste up/Stencil mural that is now up outside Art 1 as well as many lovely cardboard creatures that went up around the school during their Street art unit last term. Ms Hardingham's classes have also made the final touches on a number of murals around the school and the recently established Art Club have begun working on group pieces inspired by the theme 'Superheroes' as well.

Our kids have also been exhibited outside of school with an amazing collection of artworks representing a number of year groups recently displayed in the school section of the Macksville Show. Not only that but a mix of students displayed their awesome artworks in a group digital exhibition at The Glasshouse Regional Gallery in Port Macquarie called 'Project Creative'. Macksville High is having its own Art Exhibition in Week 9 this term. If students have any artwork they wish to put in the exhibition please bring it into school. To everyone else, we would love it if you came to have a look and supported them as we have many talented young artists at our school.

A massive congratulations and giant thank you to all the art students who have helped support the development of these artworks in one-way or another. We are trying very hard to give you all opportunities to show your art skills off to the rest of the world and not only that but you are helping us make our school a much more positive and creative place.

Written by
Ms Hardingham &
Miss Holding

MHS - CAREERS NEWS

As many of you will be aware, Ms Porter-Burns has relocated to Newcastle at the end of Term 1. I have been given the opportunity to fill her 'big shoes' for the remainder of 2013. Term 1 was an exciting time for many of our Yr 10 students as they had their first real taste of adult life at Work Experience. Kyle Lopez-Finlayson was lucky enough to complete his work experience with the Nambucca Guardian, and has provided us with an insight into his, and some of his fellow students' experiences.

On another note, we have now subscribed to a careers information network that will provide invaluable links to many opportunities available to our students. The service is called MHS CAREERS. A link to this site will be established on our school website. Students in Years 10, 11 and 12 will also receive an email at the start of each week, which they can then use to access this site. The first email they receive will have information regarding LOGIN details.

The information on this website is overwhelming. There are links to university opportunities, scholarships, traineeships, apprenticeships and many other opportunities that may open doors for some of our students. I encourage you to view the site regularly with your child as the information is constantly changing on the site every week. If you are interested in anything you see on the website, please do not hesitate to get in contact with me at school. The website address is www.mhscareers.net. In today's newsletter I will also provide a sample of the information that can be found on the website.

Mrs Lynda Shrubb, Careers Adviser

Great things happen when you get involved!!

Chris Williams, Year 12 visited the University of New England to attend their Open Day recently along with other students from Macksville High.

He participated in a Science and Technology Challenge and won himself and IPAD. Congrats Chris - so everyone out there get involved you just never know!!

MHS - Work Experience 2013

Conquest. The story of human history. Since time immemorial, great leaders have arisen from humble beginnings to.....do stuff! So began the annual work experience for the Year Ten students of Macksville High School. Many an assortment of jobs were taken, from bakers to veterinarians. On behalf of the school and any students that partook in the work experience, thank you to all the businesses local or afar that hosted a work experience student.

Jye Perkins spent his time at NIDA, the National Institute of Dramatic Arts. Jye spent the majority of his time as a student, learning the ways of acting and whatnot. His description of the experience was summed up in a sentence; **"It was the best week of my life"**. Jye spent the week in Sydney getting to and from NIDA; "It's quite different (in Sydney) than Macksville, but it was still easy to get around." Jye did many things, from attending directing classes to helping to create a stage. It is worthwhile to mention he met a popular playwright, Stephen Sewell; **"It was the most amazing experience of my life so far!"**

Closer to home, Kaycee Jeffery spent her time at a veterinarian clinic in Kempsey. She described it as **"fantastic on every level,"** and **"It was just so life changing. It was by far the best experience of my life"**. Kaycee did a variety of jobs, although mostly cleaning. She observed the putting down of animals, dental surgeries, vaccinations, and micro-chipping. The range of animals was huge, from cats to birds, dogs to ferrets and even horses. These are just two examples of the amazing experiences had by students at Macksville High School. Students who would like to do more work experience, or missed out in Term 1 can see Mrs Shrubb to organise work experience for Term 4.

Kyle Lopez-Finlayson

Karly Wells - Nambucca Dental Surgery

Riley Unwin - Bridgestone Select Nambucca

Jayme Thompson - Nambucca RSL

Angelica Marquardt - Hooykaas Lawry and Valjan

Jake Fallowfield - Dangerous Dans Butchery

Shann-Louize Williams - Possum Child care

Max Blanch - Newville Auto repairs

Australian Navy Cadets

The Australian Navy Cadets is a fun and character building activity for young people from 13 to 19 years of age. It provides personal challenges and opportunities for growth in an adventurous maritime environment.

In the Navy Cadets you will learn teamwork, have fun, meet new friends, get leadership skills, learn how to handle sail boats and power boats. You will get seamanship skills, learn how to use firearms safely and get a good understanding of water safety. You will be supervised by trained volunteer staff with the backing of the Royal Australian Navy and community groups.

Your local Navy Cadets training ship is TS Culgoa, at South West Rocks, offering weekly activities and meetings. Call Leonie on 65665013 or email: leonie.aitken@cadetnet.gov.au for more details.

2014 CATC Design School - Scholarship

Submissions due by Fri 20th September, 5pm

3 scholarships valued at \$20,000 each are on offer to students who create a piece of work (video, writing or image) that sums up how important 'practice' is to their life.

Contact: scholarship@catc.edu.au
<http://www.catc.edu.au/scholarship>

Scholarships/Cadetships:

2013 Engineering & Technology Cadetships Program

Applications close Fri 21st June

An alternative pathway to a business career.

Applications are open for the 2013 Engineering & Technology Cadetships (ETCAD) Program run by Professional Cadetships Australia (PCA).

Technology Cadets will have the opportunity to launch their career in ICT and in business. They will rotate through different business areas of Westpac in order to explore a variety of career options. While cadets can study an ICT-related degree, they may instead choose to study commerce and intend to take information systems as one of their majors. A Technology Cadetship is an alternative pathway to a business career.

Engineering Cadets will be mentored by world-class engineers at Rolls-Royce while they study mechanical engineering, electrical engineering or naval architecture. Alternatively, cadets may select a flexible entry engineering degree.

Applications close on Friday 21 June.

Contact: director@professionalcadets.com.au
<http://www.etcad.com.au>

Apprenticeships/Traineeships:

Housing Industry Association Australian Apprenticeships Centre

The HIA Australian Apprenticeships Centre operates across all industries in the ACT region and has over 500 different apprenticeship and traineeship vocations on offer. They can assist in placing people in apprenticeships and providing support, benefits and incentives for apprentices.

Contact: 1300 656 726 or aac@hia.com.au
<http://hia.com.au/aac/>

Student Programs/Workshops:

TSFX NSW Trial Examination Revision Lectures

Mon 1st July to Sun 14th July

The University of Sydney & Zenith Theatre, Chatswood

The TSFX NSW Trial Examination Revision Lectures are intense programs that offer students in-depth preparation for the HSC trial examinations. The lectures will review knowledge taught at school and will concentrate on challenging concepts, sections that students find difficult, and will cover the classical errors made by students

https://www.tsfx.com.au/genform2/default.aspx?wid=233&sessionid=5816915103_2kguz245mwwqlvt0eeuvghhb233_0_28554541706_4162&widver=0

Competitions:

Australian Institute of Physics Frame Your Physics Competition

Entries close Mon 19th August.

Students in the ACT are invited to create a video presenting any topic in physics in an entertaining and informative way. The creators of the top videos will share in \$3000 worth of prizes.

Contact: frameyourphysics@gmail.com

http://www.act.aip.org.au/Frame_Your_Physics/index.html

Plan Your Own Enterprise Competition

Participants are required to devise a creative enterprise idea and submit a 3000 word business plan, explaining how their great idea could become a profitable business.

Applications close Wed 28th August.

<http://www.cpaaustralia.com.au/cps/rde/xchg/SID-0476E5FB-3479873A/cpa-site/hs.xsl/become-plan-your-own-enterprise.html>

Triple J Unearthed High

A high school act has the opportunity to get one of their songs professionally recorded by Triple J music engineers and have Australian band San Cisco play at their school. To enter, high school artists are asked to produce an audio recording of an original song and upload it to the Triple J Unearthed website. A Triple J panel of experts will then choose finalists and a winner from one of the high school bands on the Triple J Unearthed website.

Entries due Mon 22nd July.

THE ROAD TO MANHOOD: MENtors

An Evening for MEN ONLY with Steve Biddulph - TUESDAY 9th July 2013

Don't miss this exceptional opportunity to be with the author of 'Manhood and The New Manhood'.

Steve Biddulph's seminars have drawn an astounding 130,000 people in the 20 years he has been travelling the world, talking about how to have a more loving family, a more happy life, and especially how to raise boys into fine men.

Steve has been a psychologist for 30 years, was Australian Father of the Year in 2000, and his books are in four million homes and 27 languages.

This special evening for men of all ages, from 16 upwards, covers:

- What turns a boy into a man?
- Getting your life to add up to something
- Men and women - how to get along and be happy
- Marriage, love, sex and family
- Finding your purpose and getting started

Tickets available at:

1. Park Beach Music at Park Beach Plaza.
2. Coffs Harbour Neighbourhood Centre, Community Village, 22 Earl St, Coffs Harbour.
3. Weave Bellingen, 42 Hyde Street Bellingen (opposite post office)

For more information call John Mandile 0429258023 or Lisa Steward 0488223516

FEE: \$15 one ticket or \$12 ea for two or more tickets

WHEN: TUESDAY 9th July 2013

WHERE: Cavanbah Centre, 181 Harbour Dr, Coffs Harbour

TIME: 6:45pm sharp for a 7.00pm start

Proudly presented by The MENtors Project, a Coffs Harbour based community building initiative who work to develop an enriched community of men supporting men. The MENtors Project is a not for profit action group and is a social inclusion project of the Coffs Harbour Neighbourhood Centre.

We regret babies and children are not admitted to the talks.

www.mentorsformen.com.au

RAISING GIRLS: MENtors

An Evening for Parents and Teenagers with Steve Biddulph - THURSDAY 4th July 2013

Don't miss this exceptional opportunity to be with the author of Raising Girls and Raising Boys.

Steve Biddulph's seminars have drawn an astounding 130,000 people in the 20 years he has been travelling the world, talking about how to have a more loving family, a more happy life.

Steve will talk about what mums, dads, communities and the media need to do to bring back healthy lives for girls and young women. Funny and deeply moving, he is a gifted storyteller whose talks become an emotional healing journey.

This special evening covers:

- How do we raise our daughters so they stay happy, warm-hearted and strong?
- Girlhood is meant to be an adventure, full of broad interests and a love of life.
- Loving our kids better.
- Sexualisation, obsession with looks, anxiety and unhappiness.

Tickets available at:

1. Park Beach Music at Park Beach Plaza.
2. Coffs Harbour Neighbourhood Centre, Community Village, 22 Earl St, Coffs Harbour.
3. Weave Bellingen, 42 Hyde Street Bellingen (opposite post office)

For more information call John Mandile 0429258023 or Lisa Steward 0488223516

FEE: \$15 one ticket or \$12 ea for two or more tickets

WHEN: THURSDAY 4th July 2013

WHERE: Cavanbah Centre, 181 Harbour Dr, Coffs Harbour

TIME: 6:45pm sharp for a 7.00pm start

Proudly presented by The MENtors Project, a Coffs Harbour based community building initiative who work to develop an enriched community of men supporting men. The MENtors Project is a not for profit action group and is a social inclusion project of the Coffs Harbour Neighbourhood Centre.

We regret babies and children are not admitted to the talks.
